WHEY SHAKE

syntrax®
WHEY SHAKE
THE GOLD STANDARD

Whey Shake is the critically acclaimed protein powder that scores top honors for highest quality and best taste. To produce such a distinguished product, we had to use the very best and most refined ingredients. Cold filtered and undenatured, our whey proteins are painstakingly tested for consistency, flavor, protein content, and mixability. To this clean tasting, delicious protein base, we added glutamine peptides and the best extracts and flavors the world has to offer. The result is a product of the highest quality...a product with consistently correct protein levels, consistently superior mixability and consistently incredible taste.

The painstaking quality control and attention to detail that goes into Whey Shake ensures it will vastly outperform every other protein powder on the market. From deliciousness and mixability, to overall health benefits, to exercise performance and muscle growth, Whey Shake is guaranteed to be the unbeatable gold standard.

Every Whey Shake contains a FreshShield™ sachet which removes all oxygen inside the package leaving only inert gases, such as nitrogen. Without oxygen, these inert gases envelop and protect the delicate protein powder and flavoring molecules from oxidation, rancidity, and bacterial growth. Our proteins are unique in their ability to have the same quality and taste from the day of manufacturing to the "best by" date.
